**STYLES**

The new control console firmware is composed by three different files:

- **BLUE_STYLE**
  ![BLUE_STYLE](image)

- **WHITE_STYLE**
  ![WHITE_STYLE](image)

- **GREEN_STYLE**
  ![GREEN_STYLE](image)
**LANGUAGES**

- **ENGLISH**
- **ITALIAN**
- **FRENCH**
- **SPANISH**
- **GREEK**
- **CYRILLIC**

**DIALER/SELECTOR**

**kV DIALER**

Pressing kV Icon it is possible to access the kV DIALER mA, s, mAs DIALER

Pressing mA, s, mAs, icons it is possible to access the relative SELECTORS:
**DATA SUMMARY**

The data summary window have been changed in Continuous mode:

Several section are present:

- EXAM Date and Time
- TUBE Thermal Load
- INTERMITTENT SESSION SUMMARY
- CONTINUOUS SESSION SUMMARY:
  - $s - exp$ CMD is the total continuous/HCF command time
    (i.e. the sum of the periods while the foot switch was pressed)
  - $s - exp$ is the effective emission time:
    - FLUORO: DC = 100% -> EXP time = COMMAND time
    - HCF = DC < 100% -> EXP time = EFFECTIVE X-RAY TIME < COMMAND time

New Garbage icon, to clear the cumulated dose for next exam.
